Update on Cyberbully Workshop:

During the cyber-bullying workshop we learnt that 17% of a class of 30 has experienced being cyber-bullied and 25% of a class has cyberbullied someone else.

We also Learned that being a big social media star could also get you lots of hate likes, for instance Zoella experienced some people on the internet who are jealous of

people who have made it far in their lives, would make mean comments or take their anger out on other people.

People also cyber-bully because it's a lot easier to be mean to someone behind a screen because you don't have to look them in the eye and you can just walk away once the damage has been done.

We learnt that if we are being cyber-bullied, or if we know someone who is, then we can help stop it by not responding to the person, blocking and reporting them and telling a trusted adult.

Sport

Marathon

On Wednesday 22nd November, 48 children took part in a new organised event. The majority of people who took part ran at least 3 laps. It will be taking place every lunchtime on Wednesdays. It will be recorded. Good luck to all taking part.

Match Report

On Monday 13th November Holtsmere End A team played against St Cuthbert's Mayne School and lost 6-2.

Despite being dominated we still held our heads up. Our two goal scorers were Ty and Ben both scoring in the first half. At half time our star defender Rhys swapped positions with our goalkeeper Konstan. A massive well done to everyone who played.
